Patricia Schultz : 1,000 Places to See in the U.S.A. Canada Before You Die before purchasing it in order to gage whether or not it would be worth my time, and all praised 1,000 Places to See in the U.S.A. Canada Before You Die:

0 of 0 people found the following review helpful. Great supporting guide for trip planningBy TillyI really like this book, and there is one for the world, not just USA and Canada. Whenever I am planning a trip, I try to remember to look in these 2 books (USA and Canada, and the World) to see what the author recommended. The book is organized by region, and then by States. It provides a great description and history of the "place" along with recommended lodging, landmarks, and restaurants.If you like to travel, whether in the USA and Canada, or around the World, I recommend checking out these books.I checked off the places I've visited in this book, and plan on adding more

checks. 1 of 1 people found the following review helpful. Reasonably priced excellent concise list of places to go- a good travel planner and companion
By J. M. Fitzpatrick
This book has the following strong attributes: 1. It gives you information about interesting places in a large variety of locales; 2. It is straightforward and matter-of-fact; 3. Besides "obvious" marquee attractions, it tells you about interesting places which may not be well publicised elsewhere. This is particularly helpful for overseas visitors who are planning a visit to North America; 4. It is organised logically and it is easy to find out information about particular areas; 5. It is very reasonably priced!
There are many travel books on offer- I've seen and purchased many over the years. I believe this one is worth the money.
0 of 0 people found the following review helpful. This is a great idea book
By Lavonne Elijah
My husband and I do a lot of traveling in the 50 states. I have been in all of the states but in this book there were places I did not know about and am planning to check them out. We have found some beautiful places off the beaten path of waterfalls, old water wheels and beautiful streams. This book was given to us by my girlfriend in Ill. while we were heading back to Calif. Because of this book, we stopped at places we did not know existed and loved them. I will recommend this book to our friends that like to travel the US. The cost is reasonable for all the info that you get. I have stickies on pages that I want to see next year and I am not half way through the book. When my husband retires, we plan on heading for the East coast so I can show him historic places as well as Niagara Falls. The book was sent to me a couple days earlier than promised. So far have not been disappointed in the purchases I have gotten from . Thank You

It's the phenomenon: 1,000 Places to See Before You Die has 2.2 million copies in print and has spent 144 weeks and counting on The New York Times bestseller list. Now, shipping in time for the tens of millions of travelers heading out for summer trips, comes 1,000 Places to See in the U.S.A. Canada Before You Die. Sail the Maine Windjammers out of Camden. Explore the gold-mining trails in Alaska's Denali wilderness. Collect exotic shells on the beaches of Captiva. Take a barbecue tour of Kansas City from Arthur Bryant's to Gates to B.B.'s Lawnside to Danny Edward's to LC's to Snead's. There's the ice hotel in Quebec, the Great Stalacpipe Organ in Virginia, cowboy poetry readings, what to do in Louisville after the Derby's over, and for every city, dozens of unexpected suggestions and essential destinations. The book is organized by region, and subject-specific indices in the back sort the book by interest wilderness, great dining, best beaches, world-class museums, sports and adventures, road trips, and more. There's also an index that breaks out the best destinations for families with children. Following each entry is the nuts and bolts: addresses, websites, phone numbers, costs, best times to visit.

From Publishers Weekly
Of the plethora of adjectives suitable for the tone of this witty reference book, the most relevant is proud; from the outset, Schultz declares her own personal connection to the places visited, titling the introduction, "Rediscovering My Own Backyard." Divided by region-starting off in New England, the Mid-Atlantic states, the Southeast and the rest of the U.S., then continues into eastern and western Canada-Schultz's follow-up to the bestselling 1,000 Places to See Before You Die (a global survey) presents grandiose portraits of the two countries' most popular and patriotic spots. Schultz includes plenty of directions for travel, food and lodging, including costs, though this is no budget guide (see the \$75 dinner under the Brooklyn Bridge). Still, what Schultz lacks in cost-efficiency she makes up for in scope; quite literally, there's something here for everyone: baseball fields, national parks and campgrounds, major malls, expansive historical estates and more. A fine gift, it should also spark spirited party conversation-who's been where, what to visit next, and which personal favorites didn't make the cut. From the Back Cover
It's a traveler's life list, a guide, an inspiration, a memory book. Open it to check out where you've been, and where you should go next. What to see and what to do and what to show the kids. Where to eat and where to stay. And how to change your life. Covering the U.S.A. and Canada like never before, here are 1,000 spectacular, compelling, essential, offbeat, utterly unforgettable places. Pristine beaches and national parks, world-class museums and the Corn Palace, mountain resorts, salmon-rich rivers, scenic byways, Chez Panisse and the country's best taco, lush gardens and Holden Arboretum, mountain biking on the Maah Daah Hey trail, historic mansions, vineyards, hot springs, the Talladega Superspeedway, classic ballparks, and more. Includes more than 150 places of special interest to families, and, for every entry, the nuts and bolts of how and when to visit.
