### **Ossian Lindholm, Juan Martin Roldan : 10.000 Kilometros Por Las Rutas de Argentina (Spanish Edition)**

before purchasing it in order to gage whether or not it would be worth my time, and all praised 10.000 Kilometros Por Las Rutas de Argentina (Spanish Edition):

2 of 2 people found the following review helpful. Great Photos remind me of our tripBy B. DeasWe traveled with Ossian as a guide to Northwest Argentina last month and came to know that he has a true photographer's eye. This book is filled with georgeous photographs of mostly rural and western Argentina all taken on a 10,000 kilometer trip the author took. I highly recommend it.
