Love, loveBy HCDLove, love, love this book!This cross-country journey was a fun, fresh take on places I have already been and inspiration for future travel. My sightseeing bucket list now includes the live mermaid show at Weeki Wachee Springs State Park, Florida!0 of 0 people found the following review helpful. Five StarsBy M.S.ClarkGreat3 of 3 people found the following review helpful. LOVE.By Jessica VoigtsThis book is extraordinary, and while it DOES focus on travel (maybe this is why I love it so much?), it is a Mary Poppins bag of interesting things, waiting to be unpacked. It is, at once, a travel guide, a talk with a very funny best friend, a history class with your favorite professor, and inspiration to read, learn, and explore more.

100 Places in the USA Every Woman Should Go is a lively and highly subjective collection of places that will educate, illuminate, entertain, challenge, or otherwise appeal to women of all kinds. From historic (such as the Women's Rights National Historic Park) to kitschy (SPAM museum), these places and activities provide a wide-angle view of all that makes America, America.
