**Jean-Marie Cassagne : 101 Spanish Idioms** before purchasing it in order to gage whether or not it would be worth my time, and all praised 101 Spanish Idioms:

1 of 1 people found the following review helpful. Covers all the bases for supporting learning spoken SpanishBy nsewusTo be so small and inexpensive, this book is an EXCELLENT buy.1. It includes not only the idioms, but very short dialogues so you can read and listen to the idioms as they show up in conversations.2. Each idiom dialogue is in Spanish with English translations in the back.3. The mp3 has all the dialogue scripts for every idiom.One gets a great

combination of new and old vocabulary, reading comprehension that you can actually check against an English translation, AND the aural piece to aid listening comprehension. It's almost like a mini-course for advanced beginners-intermediates. All you need is an extra dictionary to research words in the dialogue you may not know or have forgotten. I can see this as a great tool for teachers too. While idioms can become dated, I still wouldn't hesitate to buy this book. Consider how many of the phrases in American English that are still in our every day vernacular that we probably first heard from our grandparents. All in all, what you can potentially get from working through this book far outweighs any concerns about dated expressions. 0 of 0 people found the following review helpful. Explaining the meaning of idioms. By Irene Haydik This book of Spanish idioms is a constant source of entertainment for me. Idioms open for us the collective thinking of a society, which created the idioms. It also enriched my vocabulary. It is of course not for beginners. I would recommend it for serious students of the beautiful Spanish language. 0 of 0 people found the following review helpful. Love it By kckc Just what I needed. Very helpful.

A boatload of Spanish idioms to bring vibrancy to your language repertoire To really talk like a native speaker of Spanish, you have to know the languages idioms. But sometimes idioms are confusing on the surface. This book uses fun illustrations to show the humor of taking idioms literally and explains what these common phrases really mean. This enhanced edition contains a 90-minute MP3 disc with 101 dialogues, spoken by native speakers, so you can hear how these are used and practice your own use of these colorful expressions.

About the Author Jean-Marie Cassagne is an experienced author of language learning titles. Luc Nisset is an accomplished illustrator and materials developer, with experience working with advertising agencies, and the French, African, Dominican, Haitian and U.S. governments, producing health educational brochures and booklets.
