U.S. Government : 2006 Country Profile and Guide to Venezuela: National Travel Guidebook and Handbook (Two CD-ROM Set) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 2006 Country Profile and Guide to Venezuela: National Travel Guidebook and Handbook (Two CD-ROM Set):

0 of 0 people found the following review helpful. Not a travel guide By Alesia J. Sipes This book is not a travel guide, it is a book of facts about the country and not current. It is labeled 2006, but that latest stats are of 2005, some much older. It contains absolutely nothing of value if you want to travel there. Good only if you are writing a school report about it, but you can find ALL the information readily available in the internet. Nothing of value...
