Unless you have been there or it's a very iconic picture you have no idea what your looking at. Had I noticed that when I bought it I would have never bought it.0 of 0 people found the following review helpful. I love looking at the pics everyday as they are well ...By LouKSI just wish the pics had a location on them so I could go to some of these places. Even with that set back, I love looking at the pics everyday as they are well done and beautiful1 of 1 people found the following review helpful. Good for a daily tear away calendarBy PZ54210Good for a daily tear away calendar. Paper is decent quality. Only thing is it doesn't say where the images are from which would be neat for the less obvious places.

A daily calendar that will take you around the worldfrom the hustle and bustle of the busy city to the quiet calm of the most remote island beach. Bon Voyage in 2017! Equipped with an easel to sit on your desk and a cut out for hanging on your wall- you choose. The daily pages (Saturday and Sunday are combined) easily tear off. All calendar pages are printed on FSC certified paper with environmentally safe inks.
