Large Scale Road Atlas (Rand McNally Large Scale Road Atlas U. S. A.):

It was a huge help as we traveled across the country this past summer. The only complaints are the binding (the pages seemed to get stuck) and sometimes we needed information that was cut off at the inside edges of the pages. I'm still really glad we had one us and one for my in-laws, who were following us.0 of 0 people found the following review helpful. Useful giftBy Debbie K (Book Matron)Bought this for my husband as he likes to read maps while we travel or take trips. He really likes it as all the roads and landmarks are clearly marked. Very happy that I bought it for him and that he is using it regularly.0 of 0 people found the following review helpful. Bigger Is Not BetterBy M NordmanThis is one example where bigger is not better. I didn't think about how fragmented the large scale format would be before I ordered this. Instead of providing a clearer picture, this large scale atlas give more chopped up views than my old atlas. In this large scale atlas CA is spread out over 16 pages, in my old atlas CA took 8 pages ; in this large scale atlas TX is spread out over 12 pages, in my old atlas TX took 6 pages ; in this large scale atlas MI is spread over 4 pages, in my old atlas MI took 2 pages. I would not recommend this large scale atlas to others.
