Dubai, UAE (3 Day Travel Guides) (Volume 13):

3 of 3 people found the following review helpful. This is one of the worst books on travel. The general suggestions for places to visit are poor as well as the details given if you wanted to visit the sites. No maps or details on the metro are included. I ended up spending \$35.00 on another guide book and map when I arrived in Dubai. Do not buy this book unless you want to waste your money.

By HeatherWas very vague in the information given. For someone going to Dubai for the first time this is not the book of what you need to know. The city is very big, very busy and moves at a fast pace. Get a book with maps and better explanation of key spots to explore. I would not recommend this.

By HelenNot enough information to help me plan my first trip to Dubai. No maps or real sense of what was where, though there are descriptions of some attractions and some history. Had to send another order to for other Dubai guides, which did include maps and more comprehensive information.
