George Tome Bush : 40,000 miles around the world: A personal narrative of the experiences and impressions of an energetic traveller who crossed the Equator and the Arctic circle in the tour before purchasing it in order to gage whether or not it would be worth my time, and all praised 40,000 miles around the world: A personal narrative of the experiences and impressions of an energetic traveller who crossed the Equator and the Arctic circle in the tour:

40,000 miles around the world. A personal narrative of the experiences and impressions of an energetic traveller who crosses the equator and the Arctic circle in the tour. This book, "40,000 miles around the world", by George Tome Bush, is a replication of a book originally published before 1911. It has been restored by human beings, page by page, so that you may enjoy it in a form as close to the original as possible.
