The book, as explained in the foreword, is the same book as 49 Ways to Make a Living in The Philippines. The author doesn't even bother to change any of the text in the chapters and the entire book, other than the cover, refers to the Philippines!

Are you living in Ecuador? Maybe you are an expat, a foreigner, living there and you need a way to make some income. Did you know that you can make a living without a job? In the 21st Century it is very possible to make money in ways which don't require you to get a job! My name is Bob Martin. I am an American, but have lived in a number of countries as an expat. I make a good living and I have not had a job for many years! You can do it too, and I will show you how! My book, 49 Ways to Make a Living Without a Job will show you 49 different ways that you can do what I do - make a living without getting tied down by a job! My previous edition of this book was called "49 Ways to Make a Living in the Philippines" because I have lived in the Philippines for many years. Many people who read the book told me that it was not about making a living in the Philippines. They all said that it could be used to make a living anywhere in the world! They encouraged me to change it up a bit for the next edition, so I did! I updated all of my ideas, I took out references specifically to the Philippines and made the book completely applicable to a world where people need to make a living, and can do it in non-traditional ways! Start making a good living today, without having to answer to anybody but yourself! You can do it! I know for sure you can, because it is what I have been doing for years! Get all of my secrets when you read the book!

About the Author Bob Martin is "The Expat Answerman". Bob is an American who has been living in the Philippines since 2000. Previously, Bob was also an Expat living in South Africa. Because of Bob's long experience of living in different cultures around the world, Bob offers advice to those who have decided to live abroad. Because of the economics today, many people are deciding to live in other countries. It is possible for people from first world countries (i.e. USA, Britain, Australia, etc) to live in developing countries at a fraction of the cost of living. If you can earn a living from your home country while living in an inexpensive country, you will certainly enjoy a much higher quality of life, and Bob is here to help you achieve that!
