Berlitz : 5-Minute Spanish before purchasing it in order to gauge whether or not it would be worth my time, and all praised 5-Minute Spanish:

2 of 2 people found the following review helpful. Deserves more credit than other reviewers give it! By WiseGuy I am a long time teacher and tutor of Spanish. All books I've checked out have had substantial value, but one needs to consider who and for what purpose it is valuable. I use this book with some of my beginning students, whether or not they are going to travel (the other similar book "5-Minute Travel Spanish" as well) and along with another book for tutoring clients. It has some weaknesses, like all Spanish books I've checked out and used, but overall, for the appropriate student, is great. This book is best for both new students and slower language learners. It features lots of repetition, and a useful CD for use with the book. I still think whether using this book or others that some guidance by a tutor is merited, or really, necessary, to get the best results. For further information on what I can offer you contact me at: rucompat at yahoo period com. 3 of 3 people found the following review helpful. Spanish book and CD By Karie Smith The book and CD came on time and are fine quality. Don't be fooled by the title. If you remembered everything

you read and studied 5 minutes a day, you will learn Spanish quickly. It doesn't make it any easier to learn, it is still memorizing. The CD is many 30 second lessons. I don't see this any better than other Spanish books. It is interesting and has pictures, however. 0 of 0 people found the following review helpful. Under the sign of Libro....By 2-TonixIf you just keep at it, you'll get (mostly) there. Then start over and repeat from the beginning.

A brand new, no-nonsense course from Berlitz combining pictures, audio and print to help you learn Spanish in minutes! Bite-sized lessons are fun and take around five minutes a day to complete. Games and puzzles help you build on your language skills and Internet activities connect you to real-life Spanish websites to develop your skills even further. An accompanying audio CD features native speakers to help you perfect your pronunciation and 'Smart Tips' highlight important culture and language information you need to know.
