**Ralph Storer : 50 Classic Routes on Scottish Mountains** before purchasing it in order to gage whether or not it would be worth my time, and all praised 50 Classic Routes on Scottish Mountains:

One of a series of guidebooks covering the best of Scottish hillwalking, this volume selects locations across the Highlands to provide a satisfying cross-section of 50 routes, all including a peak over 2000 feet and accessible by road. The walks range from gentle strolls to challenging scrambles.

.About the AuthorDespite being a Sassenach by birth, Ralph Storer has lived in Scotland since studying psychology at Dundee University. Before becoming a full-time writer, he worked in the field of commercial and educational computing, initially as a computer programmer and more recently as a lecturer at Napier University of Edinburgh. He is an experienced hill-walker who has hiked and backpacked extensively around the world. His guidebooks to the Scottish Highlands, which includes best-selling 100 Best Routes on Scottish Mountains, have become standard reference works on the subject.
