Great Family Vacation Idea BookBy Bill in San DiegoThis family-friendly vacation idea book is a great way to learn about main family events in planning a vacation. With lots of photos and concise reviews, the book is organized by state with topical indexes at the back of the book for special interests. Hardin covers all of the 50 states, plus the District of Columbia, with a significant number of entries for even the smallest state.Each adventure is categorized by price category, the best time to visit, and the most appropriate age range. The appendixes at the back of the book even include a few suggestions on where to stay.2 of 3 people found the following review helpful. DissappointedBy Pfeif012This book is titled as an adventure book, but it is not. It should be called 500+ All-American Historical Sites Museums. Although educational my family and I do not consider these types of destinations as "Adventures".2 of 3 people found the following review helpful. Great Seller - Fast to shipBy
