Living Language : 6,000+ Essential Spanish Words with CD-ROM (Essential Vocabulary) before purchasing it in order to gauge whether or not it would be worth my time, and all praised 6,000+ Essential Spanish Words with CD-ROM (Essential Vocabulary):

0 of 0 people found the following review helpful. Software alone makes it worth the money. By AdventureGirl I liked it so much I bought one for myself and one for my nieces and nephews. I sometimes have a lesson with them. You can add in your own words in the software. It is ingenious. I am an advanced speaker always trying to expand my vocabulary. The ability to add your own words and sections is fantastic. I have not really looked at the book, but bought this as someone else noted that the software alone was worth the price. They were right. 0 of 0 people found the following review helpful. Fun By Nicole We use it together and play the flash card game it is fun. This was a good buy. I am happy with it. 5 of 5 people found the following review helpful. A good compilation of words. By Gypsies Rest I found the included CD very helpful in learning the words. I'm more of an old-fashioned learner and like flashcards. The "flashcards" on the CD were annoying at first, but then I realized I was remembering the word more often because of the program's constant repeating. I highly recommend this product to people who need to build their Spanish vocabulary or just refresh it.
