Kirk Millson : 9,000 Miles of Fatherhood: Surviving Crooked Cops, Teenage Angst, and Mexican Moonshine on a Journey to the End of the Road before purchasing it in order to gauge whether or not it would be worth my time, and all praised 9,000 Miles of Fatherhood: Surviving Crooked Cops, Teenage Angst, and Mexican Moonshine on a Journey to the End of the Road:

2 of 2 people found the following review helpful. A Great Read- Filled with Humor, Excitement and Life LessonsBy promoladHaving raised 3 sons, I couldn't wait to read Kirk's book. From the opening page it was one that I couldn't put down. I laughed out loud and even had a couple of moments when tears actually welled up. This adventure is not only an entertaining read, but also filled with some great "life lessons" for dads and sons. I'm looking forward to sending my sons copies of 9000 Miles and hearing their reaction to a wonderful book. And for those of you out there wondering what would be a great gift for your Dad, this is the perfect choice!2 of 2 people found the following review helpful. Compelling read!By John KeaheyI opened it at 10 p.m., started reading, and the next thing I knew it was 2 a.m. Hard to put down. Millson's writing style is unique in the way it conveys images, experiences, conversations. It is full of humor and self-depreciation in a comfortable way many of us can relate to. And he gives his son full credit when the son outshines the dad in quick thinking and in offering solutions when problems, some serious, crop up. A delightful read.2 of 2 people found the following review helpful. Engaging story written with wit and wonderful timingBy RobynAn engaging and charming story about a dad and his son on a road-trip of a lifetime, "9,000 Miles of Fatherhood" is fueled by Millson's spot-on descriptions, dry wit and comedic timing. Even though their experiences and predicaments weren't always the most enviable, you can sense the adventure changed them both in ways most of us will never get to experience. Pretty cool.

Take a humorous ride through low-budget Latin America on a 9,000-mile journey to the End of the Road. Part coming-of-age memoir, part road trip from hell, 9,000 Miles follows a sweet kid everyone can root for as he reconnects with a workaholic father amid the mayhem of life south of the border.

"At once humorous and hair-raising." - The Salt Lake TribuneAbout the AuthorSeven moves in seven years as a pre-teen cursed Kirk Millson with a pathologically low tolerance for routine. After terrorizing his wife, Alison, with several near-death wilderness experiences, he toughened up his young children on a steady diet of desert excursions until their luck changed and his career intervened. Currently free of the restrictions of corporate America, Kirk eagerly awaits some grandchildren with whom he can resume his backcountry ramblings. He and Alison live in Salt Lake City.
