I have learned more about my home state of Michigan through her adventures. It is always a better read when the author is intelligent, thoughtful, and has a sense of humor. Thank you Loreen Niwenhuis!1 of 1 people found the following review helpful. Five StarsBy Yvonne E.A wonderful read about Michigan!!! Thank you so very much!!3 of 4 people found the following review helpful. A nice readBy SRBit was good but there is a lot of history on the Manitou islands and I would have liked a little more of that instead of piping plovers . I guess its her book and it is what it is .I'm glad I read it but I would have liked to read about her hiking and camping on the more remote places of the islands and describe the terrain .But she did a good job with what she did do .The people were interesting

In the final book in her Great Lakes Adventure trilogy, Loreen Niewenhuis launches off the shoreline to explore the islands of the Great Lakes Basin. From hiking the rugged wilderness of Isle Royale in Lake Superior to strolling the metropolis on Montreal Island in the St. Lawrence River, Niewenhuis explores key islands in each of the five Great Lakes and their connecting waterways. Biking, hiking, and kayaking, she searches for the fascinating differences and uniting themes of the water-edged islands found throughout this vast freshwater network--the connected ecology of lakes Superior, Michigan, Huron, Erie, and Ontario. Together, these Great Lakes and their island outposts provide a vital source of water, a canvas for human culture, and a unique haven for diverse plant and animal species, some of which are endangered. It's a celebration of place, a warm and friendly invitation to see these beloved inland seas with fresh eyes.

About the AuthorLoreen Niewenhuis has lived in Michigan for most of her life. Her first book, A 1000-Mile Walk on the Beach, spent time on the Heartland Indie Bestseller List. Her second book, A 1,000-Mile Great Lakes Walk, expanded her exploration to all five Great Lakes and was chosen as a Great Lakes, Great Reads selection.
