A fantastic book about an incredible adventure that I wish I ...By Michael AndersonA fantastic book about an incredible adventure that I wish I could have taken.....Jamie Bianchini had a big dream.....More importantly he had the courage to face his fears and live his dream, something rare in our society...He writes about his journey with an honesty and candidness that is refreshing, and he makes you feel like you are there, your leg muscles burning along with him.....Forget what you've heard on the news about "The Developing World" and explore it for a while with Jamie.....0 of 0 people found the following review helpful. An inspiring and entertaining bookBy ScudlyOverall an interesting read that kept me entertained. Jamie opens up and shares his emotions and thoughts regardless of how he is portrayed. He lets it all hang out which gives the book a very personal feel, keeps it real.5 of 6 people found the following review helpful. Not great writing, not what I expectedBy Debbie TurnerNot great writing, not what I expected. His story is more about himself (very self-absorbed), and not much about the people and cultures he encountered. The biggest surprise and complaint is that the book is completely overrun with typos, added words, wrong words, missed punctuation. I've never read a book with such glaring and numerous mistakes. If there's a second printing, my advice is to have it edited by someone who knows what they're doing!

Jamie Bianchini needed a lift. A big one. After a series of spectacular business flops drove him into bankruptcy and the love of his life kissed him goodbye, Jamie knew he needed a world of help. But instead of seeking assistance from a counselor or support group, Jamie sought comfort where he always found it on his bicycle. As his world hit rock bottom, Jamie hatched a crazy plan that just might make everything right. His life lacked purpose, passion, and connection with his fellow man. So Jamie decided to go for a bicycle ride around the world on a tandem solo inviting everyone he met to join him for a spin. A Bicycle Built for Two Billion is the moving story of an audacious optimist who tried to change the world while hoping the world would change him one rider at a time. A heartfelt, hilarious, adrenaline-fueled journey through 81 countries, A Bicycle Built for Two Billion will allow you to see the planet in a way never experienced before. Come join Jamie and his unforgettable cast of co-pedalers from inspiring villagers to conniving thieves, romantic paramours to unlikely gurus, excited school kids to seniors who have never set foot on a pedal. Come join them all for the ride of your life. Includes nearly 200 spectacular photos and videos captured around the world, bringing this rich story to life.
