**Elizabeth Geiger Wilkes : A Cumberland Island Adventure** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Cumberland Island Adventure:

1 of 1 people found the following review helpful. A Cumberland Island AdventureBy K. HoffnerOnly a preliminary introduction to the island and one that could be duplicated easily by a visit. One notch above a brochure.

It is a book with stunning aerial photographs and images photographed from the ground showing a wonderful trip to the Cumberland Island National Seashore from St. Marys, Georgia on a park service boat. The words and photographs explain what you will see on this beautiful island in Southeastern Georgia.

About the AuthorLibby and Clyde Wilkes live in Fernandina Beach, Florida and have enjoyed visits to Cumberland Island National Seashore many times. Their business, Wilkes Helicopter Services LLC, allows them to also take aerial photographs from the helicopter: Clyde is the pilot and Libby is the writer and photographer.
