**Cindy Ross, Todd Gladfelter : A Hiker's Companion: 12,000 Miles of Trail-Tested Wisdom** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Hiker's Companion: 12,000 Miles of Trail-Tested Wisdom:

0 of 0 people found the following review helpful. GreatBy C WestbrookI love Cindy Rosses books and this one was

chock full of good information from all her and her husband's many many hiking miles. They are Triple Crowners AND they've done most of it with children so I think you can trust their judgment. 1 of 2 people found the following review helpful. Great book  
By A Customer I'm neither a newbie nor a veteran with thousands of miles on my boots, but I've found tons of useful information in this book. The friendly, straight-forward approach makes the information much easier to digest. The anecdotes are also useful for driving a point home. 4 of 9 people found the following review helpful. old  
By Customer Old, outdated, for the newbe. If you are just getting started backpacking this book may be ok. Veary basic.

Compiles trail secrets, tips, and techniques to provide hikers and backpackers with a reference guide to selecting equipment, preparing for a hike, setting up camp, and staying safe in the wilderness.

From Library Journal Novice and veteran hikers alike will greatly benefit from the wealth of information provided in this compendium of hiking tips. Every conceivable topic--from preparation and planning to coping with the return home--is covered in an enjoyable, conversational writing style sprinkled with delightful stories of life on the trail. Combining their years of experience, the authors share their knowledge of equipment, orientating, safety measures, and group ethics and provide practical tips on hiking etiquette and trail cuisine. Worthy of special mention is a section on hiking with children. All material is well presented and useful for quick reference. The inclusion of photography tips, journal writing, and hints that aid in one's appreciation and understanding of the natural world make this great reading for hiking enthusiasts. Parents, partners, and seasoned packers will welcome this super additon to library shelves.- Jo-Anne Mary Benson, Osgoode, Ontario Copyright 1993 Reed Business Information, Inc.
