Mayumi Yamada-Shimotai : A Japanese Vagabond: Bicycling 35,000 Km Around Four Continents 1986-1989 Part 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised A Japanese Vagabond: Bicycling 35,000 Km Around Four Continents 1986-1989 Part 1:

0 of 0 people found the following review helpful. Five StarsBy e.s. plompGreat adventure and grat reading0 of 0 people found the following review helpful. A Smorgasbord of Riding Adventure!By Bret S. MilesIf you have not

bought a copy, buy now! Having read hundreds of books in the past few years, with a masters in English Literature and fifteen years of teaching, this book satisfies on so many levels. Japanese Vagabond is a virtual psychological and sociological look at human nature while maintaining a thriving storyline as Mayumi shares heart-warming tales of her amazing adventure. As a travelogue, even in its length, it continues to engage and inform readers about the kindness of strangers. Mayumi is unassuming in her prose, modest and wholesome, genuine and vulnerable, even warrior like in her energy and effort to ride forward, immersing herself in every natural element she encounters. Worth every penny, it enriches the mind and warms the heart.0 of 0 people found the following review helpful. inspirational read!By zerg_rushthis is a beautiful fun read of a young girls search to understand her place in the world, as she travels by bicycle across it. The book is written and illustrated from her revisiting her journals from the trip. Very inspiring book that makes you ask yourself, why not.
