Nicolas Chorier, one of the finest exponents of kite photography has spent the last 10 years traveling and photographing the length and breadth of India. Kite photography is unique, eco-friendly and gives a perspective that is not possible through other aerial means | File size: 36.Mb

From Roli Books : A Kite's Eye View: India: Between Earth and Sky before purchasing it in order to gauge whether or not it would be worth my time, and all praised A Kite's Eye View: India: Between Earth and Sky:

0 of 0 people found the following review helpful. Beautiful and Unique Perspective
By caroline m
Having recently returned from India, I found this book fascinating. It's wonderful to have such an unique perspective of photographs to capture this amazing place!
0 of 0 people found the following review helpful. Outstanding view of India like no other!
By Bryan Cooke
Captivating bird's eye views exquisitely assembled snapshots that transport the viewer to places and events few will ever experience. Fantastic!
2 of 2 people found the following review helpful. A must: Best views of some of Rajasthan best monuments
By Joao Marques
I visited Rajasthan 2 years ago and I was amazed by the Palaces and Monuments and I found there. This book opens your eyes in a perspective hard to match: a kite's view of the best places in Jodhpur, Jaipur, Udaipur, Delhi... A book for "India lovers" who are passionate for photography.
Highly Recommended.

Breathtaking images of India taken ingeniously by attaching a camera on a kite. Nicolas Chorier, one of the finest exponents of kite photography has spent the last 10 years traveling and photographing the length and breadth of India. Kite photography is unique, eco-friendly and gives a perspective that is not possible through other aerial means.
