Jane Egginton : AAA Spiral Brazil (AAA Spiral Guides: Brazil) before purchasing it in order to gage whether or not it would be worth my time, and all praised AAA Spiral Brazil (AAA Spiral Guides: Brazil):

0 of 0 people found the following review helpful. Follow the guides advice - fly around not drive around. By Shannon PigeonGreat condensed tour guide from the AAA pros. I bought the AAA guide as I planned to drive the entire trip. I would have done well to follow the advice in the guide and take short flights from one destination to another. Brazil is too big to drive across with my GPS showing 24 hours of driving between the south and the north parts. I have a clean drivers license in the USA and got 6 camera tickets in 1 week of driving as carefully as I could in Brazil.

AAA Spiral Brazil guides you through this country's far-reaching cultural influences - from the dazzling extravagance of around-the-clock Brazilian Carnival festivities to simpler traditions like the prevalent Portugese beans and rice. All of the information is provided in handy color-coded sections, including: Itineraries for a day or a week Walks and tours Transportation Easy color-coded sections Exclusive lay-flat spiral binding
