("Above-----")Cannot see one and NOT pick it up.So, to be able to own these slightly used versions at these great prices is superb!0 of 0 people found the following review helpful. The book is full of great pictures of New YorkBy Sandra L. DehnerThe book is full of great pictures of New York. It was bought for my husband and he is thrilled with it.7 of 7 people found the following review helpful. The Best Photographic BookBy A CustomerThis is the best photographic book I have ever seen. Its pictures of The Big Apple are magnificent! Comparative pictures taken in years past, many in the 1920s, show how sections of the city have changed. Whether one is a fan of New York and who isn't, you will enjoy this book. It makes me want all the other "Above" books now.

Spectacular views of New York from high above it all. A collection of aerial photographs from then and now.
