Kristin Streff Barnett : abroad awakening: Easter Island (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised abroad awakening: Easter Island (Volume 2):

0 of 0 people found the following review helpful. Very helpful!By Anne BakerGreat little guide, very practical information. Far more helpful than LP

Mysterious Easter Island is my most fulfilling travel (and perhaps life) experience to date. With extensive information

on the moai isle lacking, I began penning this book while sitting at beautiful Ahu Tongariki in the hope that I could help others visit this curious destination. Few people will make the trek to Easter Island, feel blessed that you will. Im grateful that I did. With some feeble attempts at humor and a little bit of personality, my travel guide explores the island, its various theories and three detailed routes: Hanga Roa, Northern and Southern. Pictures of each sight are included in full color to help you best navigate and experience all the most remotely inhabited island in the world has to offer. The road less traveled certainly is the most rewarding. Happy and safe travels.
