Abu Dhabi Mini Map By Ronald A. Polite Excellent reference. Very helpful in understanding the city layout. Recommend this mini map as a resource for all visitors.

Squeezed between the covers of this miniature marvel you'll find the whole city laid out before you. The fold-out map

shows the entire city on one side, with more detailed views of the main areas on the back. Road names, landmarks and key attractions are clearly marked to help navigate your way around, and there's also a handy directory of hotels, hospitals, parks, museums and tourist attractions.
