**Accent on Languages : Accent on Afghanistan: Pashto** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Accent on Afghanistan: Pashto:

0 of 0 people found the following review helpful. Great Book !!! Better than RosettaBy !!! I found the book to be highly useful with the proper dialects and pronunciations of the words. Keep in mind that language has three to four different dialects and this book has the main one that is used in Khandahar province. The book is also used by the military and teaches a great deal of the fundamentals to be knowledgeable of. I have tested Rosetta and compared the two books/software and this by far beats the competition due to price and straight forward lessons. If your planning to visit the country or learn the language, I highly recommend. Cheers! 0 of 0 people found the following review helpful. Exccellent Choice! By Charles B. Zamarron Product came with laminated cards, just what I needed for easy quick reference. Compact Booklet form allows for quick packing. 0 of 0 people found the following review helpful. Quick Reference Material By Hunyadi This is one of the few language toolkits for Pashto with a booklet, an audio CD, and supplementary cards. The booklet starts out with greetings, places, foods, clothes, medical emergency, and then goes into military terms, commands, and weapons. All items in the book are written in the super modified Perso-Arabic alphabet that Pashto uses and transliterated for those who cannot read it. The audio CD repeats each word/phrase twice with a native speaker. The cards are an overview of the phrases/words presented in the booklet. Great compact learning tool for those on the go and who need quick reference material!

"An Essential Tool For Soldiers and Civilians Working in Afghanistan. Survive and thrive with Accent on Afghanistan Pashto! Learn useful phrases and vocabulary, Afghan culture#8212history, geography, people, food, religion, and customs#8212plus ""Do's and Don'ts"" for interactions with Afghans!
