would be worth my time, and all praised Access Eastern United States Ski Country:

Wherever you go you need ACCESS No other guides provide such instant and portable access to a destination as the Access series. Organized by area and filled with striking graphics and detailed maps, each Access guide lets you see at a glance where you are, where you're headed, and what special attractions await you just over the next snow-capped mountain. Color-coded entries clearly highlight everything you need to know-about the area's best resort, trails (for you or your family), apres-ski, sports facilities, restaurants, ski shops, and charming nearby towns. Follow our well charted trail; it's all you'll ever need and more. ACCESS also tells you: Where to find the best powder skiing in New England How to ski at least four different ski areas on a single lift ticket Which resorts make the best snow Who serves the best French foods in Stowe What's so special about Killington's nightlife
