CustomerThis is a true account of the discovery of Okinawa and Japan. It is very old and insightful about how sailing ships in the 1700s made it to Japa in those days.0 of 0 people found the following review helpful. Don't waste your moneyBy Gsta H. LovgrenWhen it came it was virtually unreadable. Not a properly printed book. Photocopied faded typewritten pages. Very disappointing. Don't waste your money.

This book is part of the TREDITION CLASSICS series. The creators of this series are united by passion for literature and driven by the intention of making all public domain books available in printed format again - worldwide. At tredition we believe that a great book never goes out of style. Several mostly non-profit literature projects provide content to tredition. To support their good work, tredition donates a portion of the proceeds from each sold copy. As a reader of a TREDITION CLASSICS book, you support our mission to save many of the amazing works of world literature from oblivion.
