**Ace Academics Inc : Ace's Hebrew Exambusters Study Cards (Ace's Exambusters Study Cards) (Hebrew Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ace's Hebrew Exambusters Study Cards (Ace's Exambusters Study Cards) (Hebrew Edition):

0 of 0 people found the following review helpful. Four StarsBy Anna RaifelWas very helpful in learning German5 of 6 people found the following review helpful. Good for level one HS GermanBy msjazzboI was very disappointed with the number of cards and the lack of articles (m, f, n) and formation of plurals.The cards may be good for a very basic level of High School German but not beyond that. I admit that I did not check for the number of cards, but I was not ready for the number of repetitions. 1100 questions and answers? Well, maybe, three per card on each side, but how many times can you count "danke" and "bitte?"
