Being a person who would rather be out doing than reading about it, I love this book. It cuts to the chase in a well-written, fun style without sacrificing detail. Whether reading cover to cover, flipping it open to browse randomly, or seeking out a specific section, it is thoroughly readable and useful. There are quick tips for planning your trip and the best ways to get around, must see, don't miss, and best of call outs for every park, with beautiful, accurate, hand-drawn maps and fabulous photographs to help you envision it all. The book wraps up with a chapter of first hand visitor and cast member stories of the legendary Disney customer service and attention to detail. Don't miss these! They are heartwarming, inspiring and just plain fun. There is an accompanying blog of the same name that expands on the stories and includes even more photos and videos. Anyone can add a story or experience, making it a little like Disney Party Central. Because of course, the next best thing to visiting Disney is sharing your adventures afterward! This is a book done right. Disney World is magical and meant to be discovered personally by each visitor, whether for the first or umpteenth time. Actual Factual Magic is a guide with a light hand that already is helping me plan a better next trip. I highly recommend it! 0 of 0 people found the following review helpful. Everything and MORE! By Leslie Gerstman There is everything you need here plus

MOREto acquire a thorough overview of all that Walt Disney World has to offer, so that you can plan your trip to perfection in advance; or enjoy more spontaneity while exploring Disney World with the knowledge that you won't overlook anything of importance to you. If more information is needed, you are conveniently directed to the correct source or phone number. Great overview maps/illustrations with each theme park explored in further detail with its own maps/guides. At 8"x8"x 3/8", it will fit into most day bags and purses for frequent reference. 0 of 0 people found the following review helpful. Just the right amount of guidance! By Jay R Great resource for both the new to Disneyworld traveler as well as the seasoned visitor. Love the illustrations, photos, and approachable advice; it's just enough to get the most out of your visit but not enough to ruin any of the magic!
