Melinda Mackesey : Adirondack Exploration for Kids and Families before purchasing it in order to gage whether or not it would be worth my time, and all praised Adirondack Exploration for Kids and Families:

0 of 0 people found the following review helpful. Four StarsBy John N. WynnNice book!1 of 1 people found the following review helpful. Important book on Adirondacks to share with your childrenBy J. HartThe author shows an ability to organize and summarize the important features of the Adirondack landscape so that it is easy to read, understand, and enjoy by all ages. The illustrations and photographs throughout the book bring out the true flavor of the Adirondacks, the black and white photos illustrating scenes from the past and the colored photos representing current times. This is a quick read that makes the reader want to visit the Adirondack area to see for oneself the beauty

of the awesome Adirondack Mountains. 0 of 0 people found the following review helpful. Amazing Adirondack Guide By M. Dillenbeck I received this book as a Christmas gift and found it a great resource for anyone who lives or visits the Adirondack region. The numerous facts the author relates to her reader will make a hike or ride through the area a more meaningful adventure. In six short, concise chapters Melinda Mackesey has imparted a wealth of knowledge. I can't wait to try her soap making recipe! This book would make a great gift for teachers.

The natural wonder of the Adirondack Mountains in New York State can inspire the entire family. How high do the peaks stretch? What do kilns do? And what, exactly, is a "yarn"? Educator Melinda Mackesey answers these and other questions through stories, fun facts and seven exciting activities about the plants, animals, places and faces that are uniquely Adirondack.

About the Author Melinda Mackesey (Altamont, NY) holds an MS in educational psychology from the College of Saint Rose (Albany), one of the state's leading teacher education programs, as well as education degrees from Herkimer County Community College and SUNY at Utica. She has worked for the New York State Museum's cultural education center, where she made many important museum contacts throughout the state.
