**Trevor Thompson, Dinah Thompson : Adriatic Pilot 6th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Adriatic Pilot 6th Edition:

0 of 0 people found the following review helpful. Good and usefulBy pierreThis is a good guide to the harbors of the Adriatic. I have only used the Croatia sections but found it pretty useful as a trip planner. While not as detailed as the guides for the US, this is still very useful.

First published in 1986 and now in its sixth edition, Trevor and Dinah Thompson's guide to the Adriatic coasts of Italy, Croatia, Slovenia, Montenegro, Bosnia-Herzegovina and Albania has again been brought up to date. Details of changes to harbors and marinas that have occurred since 2008 are now included and where necessary new plans have been drawn. For this edition most of the plans of harbors on the east coast of Italy have been replaced.
