Ferne Arfin : Adventure Guide to Provence the Cote D'Azur before purchasing it in order to gauge whether or not it would be worth my time, and all praised Adventure Guide to Provence the Cote D'Azur:

1 of 1 people found the following review helpful. Just the Right Adventure By Betsy Malloy Not being the type to jump off bridges or hang glide over the treetops, I was a little worried about "Adventure Guide" in the book title, but it turns out that this guidebook features just the kind of soft adventures I enjoy: hiking, touring and poking into the interesting recesses of a country, followed by an evening of good food and wine. The author's biography says she's been visiting Provence for 20 years and it shows in her writing, which includes all the little insider tips that you'd expect from

someone with her experience. With the practical information I've found in the "Adventure" guide to Provence, it may take me the next 20 years to enjoy everything this book brings to light. 1 of 1 people found the following review helpful. Makes you want to get up and go there. By J. Kingan There are a lot of tour books for this region, but this new one is really fun. There is lots of information on "out of the way" places and interesting festivals, all sorts of things which you won't find anywhere else. I love Provence, and this book will definitely come with me the next time I go. The information is presented clearly and is well written, so it's easy to use. Lots of nice pictures, too. I like this guide a lot, and I hope to see more French guides from this writer. 3 of 3 people found the following review helpful. Detailed Guide for Explorers By Azur Alive Adventure Guide to Provence the Cote D'azur (Adventure Guides Series) The Adventure Guide to Provence and the Cote d'Azur offers plenty of practical information for the visitor who wants to explore the region. It includes info on places to stay and eat, but that isn't its strongest point. Its best features are the adventure tips it provides for each area (boating, biking, walking, kayaking, windsurfing, you name it!) and the pertinent background information that adds depth to a visit: for example, a note about French author Antoine de St Exupry when covering Agay, a word on Winter on the Mont Ventoux. These fall outside of the classic insights on these locations. On the negative, the 6x9 book weighs quite a bit with its 450 pages. Difficult to bring it along while sightseeing. Also, it's short on photos, showing only a few insert color photos. It would be great to have two lighter volumes: one on Provence and one on the French Riviera. As a frequent and long-time visitor to the region, I find the information in the guide right on the mark and recommend it highly.

For years, Ferne Arfin has been playing in Provence, a place where Van Gogh spent his most prolific years painting. She draws from her experience to tell you about the people, their culture and the way of life. Covering every town, village and city in the region, this book takes you sightseeing in Avignon, shopping in Marseilles, to the best beaches at Cap d'Antibes and along the French Riviera to places like Eze, Nice, Monte Carlo and Cap Ferrat. Comprehensive background information - history, culture, geography and climate - gives you a solid knowledge of each destination and its people. Regional chapters take you on an introductory tour, with stops at museums, historic sites and local attractions. Places to stay and eat; transportation to, from and around your destination; practical concerns; tourism contacts - it's all here! Detailed regional and town maps feature walking and driving tours.

"[Adventure Guides] aim to deliver content... Moderately priced and truly user-friendly, they are packed with information that other series rarely cover." About the Author London-based writer and journalist, Ferne Arfin has been traveling back and forth to France over more than two decades. She likes hiking and cycling and is especially fond of finishing off a hard days activity with a French dinner and a bottle of wine.
