Chris Scott : Adventure Motorcycling Handbook: A Route Planning Guide (Trailblazer) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Adventure Motorcycling Handbook: A Route Planning Guide (Trailblazer):

0 of 0 people found the following review helpful. Far away places touring guideBy paul burkettWell, a WORLD of information here in this book about the writers travels in far off lands. Lots of technical info concerning various motorcycle specs and even emergency repairs. Customs requirments and currency exchanges. Its all here, not quite what I was looking for as I was planning a simple camping/ touring trip to alaska, but an interesting read if your into things like a trip to Argentina or Zimbagua or Pakasastan or some far off place.0 of 0 people found the following review helpful. Five StarsBy Miguel LopezComplete information for a world traveller! It is a must for anyone wanting to ride the world.0 of 1 people found the following review helpful. The hype is real. Get this book before anything else in the Adventure Bike world.By CHAD CI heard a lot of recommendations for this book but thought it had to be a lot of hype. I was wrong. Immediately upon opening you can tell this book has some weight to it. The quality is immediately noticeable. The cover is nice and the pages are done in that nice texture that crisps up the pictures and text to be super clear.The book is jam packed with information and is more of a resource book than anything else. I am going to use a lot of Post-Its as I am reading for sure. If you are toying with the idea of getting into Adventure Biking this is a must. You may find it becomes a passion or you may find all your allusions swept away with the truth contained within. Either way, you can't do much better for sub \$20.

25th anniversary edition of the Adventure Motorcycling HandbookThe first thing we did was buy Chris Scott's 'Adventure Motorcycling Handbook Ewan McGregor, The Long Way RoundAdventure motorcycling (a term Chris was credited with coining in the late 90s) has grown massively since the last edition of AMH. Now in its fourth decade, the much revised and expanded AMH7 catches up with all of it, covering among other things:

The first thing we did was buy Chris Scott's 'Adventure Motorcycling Handbook' (Ewan McGregor The Long Way Round)Does for adventure riding books what Saving Private Ryan does for war movies. (Motorcycle Consumer News (USA))A gritty, honest, hard won review of what actually works and what you really need to ride a motorcycle overland. (Overland International (USA))An absolute must for those who are thinking about seeing the world on their bike. (Inside Motorcycles (Canada))Vital reading for anyone contemplating an overland adventure. (Motorcycle Mojo (USA))Whether you're just dreaming of an adventure, or you've already started planning, you must read this book ... Chris Scott's a veteran of serious travel. (Bike Magazine (UK))As essential as a set of tyre levers, and as dependable as the sunshine in the Sahara. Highly recommended. (Trail Bike Magazine (UK))Invaluable. (The Times (UK))About the AuthorChris Scott is a veteran travel guide author, adventurer and tour leader. Hes made films of his rides in the Yukon (Call of the Wild), Desert Riders in the central Sahara (featured on National Geographic Channel) and Gorge Riders in north-western Australia.
