National Geographic Maps - Reference : Africa Classic [Enlarged and Tubed] (National Geographic Reference Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Africa Classic [Enlarged and Tubed] (National Geographic Reference Map):

0 of 0 people found the following review helpful. Fine Africa MapBy CustomerThe map is completely up to date, -- great. I only wish it would be laminated. But, great since it was rolled and not folded. Thanks!2 of 2 people found the following review helpful. GretaBy Andrew D. GoetschThe highest resolution, best quality Africa map I've found. Up to date and has better roads than some much more expensive ones.0 of 0 people found the following review helpful. Poor product packaging means crushed edgesBy Dr. JCAPoor product packaging means crushed edgesExcellent poster map, well printed, with a nice finish. However, the product is very poorly packaged. Consequently the edges of

the poster are damaged.

National Geographic map of Africa is as attractive as it is functional. The entire continent is rendered in the Classic style with colorful, clearly defined international borders, shaded relief, and easy-to-read fonts. Place names, bodies of water, airports, major highways and roads, as well as cartographic patterns used to depict sand, lava fields, swamps, dry salt lakes, intermittent lakes, salt deserts, and areas below sea level are shown as well. This map also includes an informative inset on climate and terrain with a topographic map of the continent and individual insets of the 10 island nations surrounding Africa. Coverage includes the following countries, their capitals, and major cities: Algeria, Angola, Benin, Botswana, Burkina Faso, Burundi, Cameroon, Cape Verde, Central African Republic, Chad, Democratic Republic of the Congo, Republic of Congo, Cte d'Ivoire, Djibouti, Egypt, Equatorial Guinea, Eritrea, Ethiopia, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Libya, Madagascar, Malawi, Mali, Mauritania, Morocco, Mozambique, Namibia, Niger, Nigeria, Rwanda, Senegal, Sierra Leone, Somalia, South Africa, Sudan, South Sudan, Tanzania, Togo, Tunisia, Uganda, Zambia, and Zimbabwe. The island nations shown are: Canary Islands, Madeira Islands, Comoros, Seychelles, Mauritius, Rodrigues, Reunion, Sao Tome and Principe, Bioko, and Cape Verde. Enlarged maps provide an immersive experience in any home or office environment. The exceptional cartography is even easier to appreciate at the larger size. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:9,328,000 Sheet Size = 35.75" x 46.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
