Bob Gibbons, Sin Pritchard Jones : Africa Overland: 4X4, Motorbike, Bicycle, Truck (Bradt Travel Guide Africa Overland) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Africa Overland: 4X4, Motorbike, Bicycle, Truck (Bradt Travel Guide Africa Overland):

6 of 6 people found the following review helpful. From initial planning to health and safety and handling bureaucracy across the states
By Midwest Book Review
It used to be travelers to Africa would never think of making their journeys entirely overland - but today they can, and with Africa Overland's updated fourth edition, travelers can plan their own trip or choose from one of the overland expeditions recommended herein. From initial planning to health and safety and handling bureaucracy across the states, Africa Overland covers everything from driving in different terrains to cultural differences and locating accommodation. Africa Overland reflects the author's own experience, so is seasoned with more than just hearsay.

This fully updated fifth edition of Bradt's Africa Overland includes an expanded Route Outlines section, as well as updated information on vehicles, and conditions of travel and security in each of the African countries.

This is the ultimate roadies' guide to traversing the wilderness of Africa. An indispensable guide to negotiating the uncharted perils of Africa's vast plains. Daily Express (UK) A lively and informative first choice. Traveller
From the Back Cover
Exploring Africa independently on your own set of wheels is an increasingly popular way of seeing this massive and varied continent. With this fourth edition of Africa Overland, our most informative to date, travelers can plan their own trip or seek out the best of the overland expeditions. The authors' expert knowledge encompasses everything from the initial planning stages through to health and safety advice, coping with bureaucracy and fixing that flat tire. An inspiring guide for anyone looking to unite their passion for travel with the freedom of the open road. Inside you will find: Comprehensive and up-to-date advice on planning and preparation Terrain driving techniques and fault-finding guidelines Personal anecdotes from the authors' own experience Accommodation, food and cultural considerations Route suggestions and maps
