Jon Haggins : African American Travel Guide to Hot, Exotic Fun-Filled Places before purchasing it in order to gauge whether or not it would be worth my time, and all praised African American Travel Guide to Hot, Exotic Fun-Filled Places:

8 of 8 people found the following review helpful. Going Somewhere exciting? By Lauren Edwards I picked up this book because I'm planning a long trip to West Africa and need a good travel guide. I found Jon Haggins' book to be VERY informative on preparations to West Africa and other places, but not on the actual destinations. This book is excellent

for tour groups and for people who strictly want to stick with the tourist sites. However, since I'm traveling off the beaten path and doing the "backpacker" thing, I'm afraid I have to find another travel guide since there's no help in that area. I must say that the travels the author has done to South America, South Pacific, and Africa have encouraged me to do more traveling to exotic places.

This Comprehensive guide has over 30 pictures of hot, exotic and fun-filled places and lets you explore magical and historical landmarks through the authors eyes. After reading this book, you'll feel as if you've personally been to each country and mingled with the locals. Jon Haggins teaches you all about the cultures and traditions of the people in Africa, the Caribbean, South America, and South Pacific. You will explore the flavor of several selected countries in the intriguing worlds of Africa, Brazil and other exotic destinations while walking the lush beaches and historical paths in Gambia, Ghana, The Ivory Coast, Morocco, Senegal, Brazil, Fiji and the Caribbean. You'll travel to Egypt, the land of the Pharaohs, where everything is larger than life; cruise the Nile; tour the temples; journey to the Valley of the Kings and Queens and tour the Museum of Antiquities.
