When tracking animals in Africa, guides rely on spoor (tracks and dung) to let them know where and when animals are present. African Animal Tracks is the perfect pocket-sized, folding guide for nature enthusiasts wanting to learn more about the science of tracking many of these nocturnal species. Beautiful illustrations highlight more than 80 species and their signs. Laminated for durability, this lightweight guide is a great source of portable information and ideal for field use by novices and experts alike. Made in the USA.

From the Back Cover African Animal Tracks, An Introduction to Tracks and Dung of Familiar Species, is a must-have reference guide for beginners and experts alike. This guide allows you to quickly identify the tracks and dung of common African mammals. The folded format allows for easy comparison of similar tracks, and a ruler is included on the back panel for easy measuring. The Pocket Traveller (tm) Eco-Travel Guides provide simplified reference to the prominent wildlife species of the world's most popular eco-tourism destinations. Each pocket-sized, folding guide identifies up to 150 species of common and unique animals in each area and most feature a map highlighting natural vegetation zones. Each is laminated for durability. (3 1/2 X 8 1/4 folded, opens to 22 X 8 1/4, color illustrations) About the Author Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution. With 650+ titles in print and 6.5 million copies sold, Waterford Press publishes the largest line of folding-format reference guides in the industry. Our mission is to connect people to the natural world by making knowledge about wildlife identification, outdoor recreation, travel, and safety and survival skills accessible to a wide audience.
