National Geographic Maps : Alabama Recreation Atlas (National Geographic Recreation Atlas) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alabama Recreation Atlas (National Geographic Recreation Atlas):

1 of 1 people found the following review helpful. I like the topo maps in the National Geographic atlas much ...By kayakerI like the topo maps in the National Geographic atlas much better than my Delorme Gazetteer. Easier to read. Much better markings for recreational areas such as boat launch sites. Better designed for wilderness use.1 of 1 people found the following review helpful. The National Geographic State Recreation Atlas series provides a wonderful addition to the world of print topo atlasesBy T. ColeThe National Geographic State Recreation Atlas series provides a wonderful addition to the world of print topo atlases. They are attractive additions that include a brief section that

includes information on the top historical and outdoor attractions in the state, along with maps showing average temperatures and other climate details. Mostly, however, the atlas is a particularly attractive presentation of the terrain, incorporated areas, and roads of the state. The labeling of roads could, I confess, be more detailed, but that would be my only critique. Otherwise, I think these atlases are splendid! 1 of 1 people found the following review helpful. Just what I wanted! By Customer This is just what I wanted! The detail is excellent and the map is easy to read; it shows all of the primary and secondary roads in my state with good details related to parks, state lands, etc. A perfect addition to my BOB.

National Geographic's Alabama Recreation Atlas is an ideal resource for any recreation activity from hunting and fishing to camping, golfing, hiking, and more. This durable, easy-to-use atlas includes up-to-date topographic maps, a comprehensive road network, informative recreation guides, and a detailed index. All road types are clearly identified, making each atlas a useful planning tool for motorcycle and off-road adventures. Maps include bold boundaries for parks and federal lands, and clearly labeled lakes, rivers, and streams. On each map page you will find a convenient map legend, easy-to-read page numbers, a latitude and longitude grid for use with GPS, and fact-checked points-of-interest. Also included are cross-referenced charts of fishing areas with species information, game management units, campgrounds and attractions charts, state park maps and facilities, hiking, golfing, skiing and paddling destinations, climate information, and more. Detailed topographic maps with shaded relief for the entire state. Map scale is 1:150,000 Each labeled feature is up-to-date and verified by satellite image Comprehensive, easy-to-read road network Boundaries for parks and federal lands Clearly-labeled lakes, rivers and streams Durable laminated cover Size 11"x15" Robust travel and recreation information- Cross-referenced chart of fishing areas with species information- Game management units- Campgrounds and attraction charts- State Parks maps and facilities- Hiking, golfing, skiing and paddling destinations- Climate information Map Scale = 1:150,000 Folded Size = 10.75" x 15.5"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
