Andrew P. Sykes : Along the Med on a Bike Called Reggie before purchasing it in order to gauge whether or not it would be worth my time, and all praised Along the Med on a Bike Called Reggie:

1 of 1 people found the following review helpful. Enjoyable armchair adventure, inspiring for cyclists and non-cyclists alike By HI have, like the author prior to his first long trek, done modest bike tours connecting five to so overnight stops. Never have I crossed a continent, despite numerous urges that I should do so. This book and Sykes' previous one

about his Reading to Brindisi tour have both inspired me to get out of the chair, back on the bike, and for longer trips in the future. If I do so, I will have Andrew to thank. If not, only myself to blame but at least I enjoyed a couple of fine books while contemplating a future epic journey. Enjoy!0 of 0 people found the following review helpful. Loved the bookBy Wilda SavoieHaving read the first book, I was eager to read this second one. I loved both books and I felt as though I was on the trip with Andrew. Hopefully you will soon take another trip on Reggie and I will be looking forward to reading all about it. Thanks again for letting me travel along with you.0 of 0 people found the following review helpful. Great readBy Fiona HennesseyLoved the sense of humour with fun facts and slivers of absolute reality thrown in. Feeling guilty sitting around at home reading it... need to get out there and do it!

1 continent, 6000 kilometres, 10 countries, 9 weeks, 4 pannier bags, 1 man, no detailed plan... and a bike called Reggie. Secondary school teacher Andrew Sykes moves out of the classroom, climbs onto his bicycle and sets off along the route of the EuroVelo 8, from the southern tip of Greece to the Atlantic coast of Portugal. However, this is more than just a cycling tale of border crossings and big hills, as our would-be adventurer perspires his way through a hot and sticky mix of Mediterranean landscapes, life and culture. Join Andrew as he travels *Along The Med on a Bike Called Reggie*: an inspirational and light-hearted travelogue for cyclists and non-cyclists alike. "Andrew Sykes has a great writing style." "I found his writing made me want to keep turning the pages. His self-deprecating approach and dry, delightful wit are a joy." "Sykes has an endearing, almost vulnerable quality: his observations are very witty." "The author writes with warmth and wit, and does an excellent job of capturing every emotion and every landscape..."
