Rainforest Publications : Galapagos Islands Birds Field Guide (Laminated Foldout Pocket Field Guide) (English, Spanish, French and German Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Galapagos Islands Birds Field Guide (Laminated Foldout Pocket Field Guide) (English, Spanish, French and German Edition):

0 of 0 people found the following review helpful. just OK By PWAGS This guide did not have many of the common birds. Was disappointed in it 0 of 0 people found the following review helpful. The illustrations are beautiful, the guide is complete and accurate By Customer The illustrations are beautiful, the guide is complete and accurate. I have made several trips to the Galapagos and this is the guide that will carry and use for my clients.

The Rainforest Publications Galapagos Islands Birds fold-out pocket guide contains 123 illustrated species (roughly 50-100% more than the competition depending on the medium) and is easier to use in the field. Each bird illustration is accompanied by its name in five languages (English, Spanish, French, German, and Latin), and some notes on size or if the bird is rare or endemic. Our illustrator for the Galapagos Bird guide is Robert Dean. His intricate scientifically accurate illustrations are featured in several Rainforest Publication field guides. Robert has been living in Costa Rica since the early 1990s, and expresses his passion for birds through art. The Galapagos archipelago is one of the most diverse, unique, and scientifically important biological areas on earth. The islands are home to the highest number of species on earth that are endemic: 80% of the land birds, 97% of the reptiles and land mammals, 30% of the plants, and more than 20% of the marine species including the only penguin in the Northern Hemisphere. This is a highly portable waterproof full color scientifically reviewed wildlife field guide;.... When folded, the guide is only 3.5" (9cm) by 8.75" (22 cm). It contains twelve 9cm by 22cm "pages" plus front and back cover pages, and when spread is approx. 24" (61cm) by 8.75" (22 cm) (printed on two sides) Our wildlife guides are the perfect companion if you're a naturalist, bird watcher, or adventure traveler.

About the Author Rainforest Publications specializes in the Wildlife and Natural History of Central and South America. Our wildlife guides are the perfect companion if you're a naturalist, bird watcher or adventure traveler. Our illustrators live in Costa Rica and are tops in their field of interests. Our scientific staff continually updates the guides so the information is complete and accurate. Our print company is locally owned by its employees. Our guides are printed in the USA on recycled paper.
