Gunter Muehl, Lonely Planet Phrasebooks : German: Lonely Planet Phrasebook before purchasing it in order to gage whether or not it would be worth my time, and all praised German: Lonely Planet Phrasebook:

8 of 8 people found the following review helpful. Stick with one phrasebookBy Temple FugateThis review is not simply about the German Phrasebook by Lonely Planet but rather their entire series of phrasebooks. I travel quite a bit and in the past 2 years I have purchased 5 different phrasebooks from Lonely Planet. The greatest strength of this product line is uniformity. They are all set up the same and have the same essential phrases. Once you learn the pattern within your first book, each successive language book just flows as you will already know where to look. Another

bonus is the size. Tiny. Perfect for the coat pocket and it can be kept hidden behind your passport if such a book is embarrassing. I actually was praised in Germany on my latest trip for carrying the book because they thought it a sign of respect that I did not simply go to their country and expect them to speak my language. As they also informed me of, this is not unique to American travelers as the stereotype goes. Many peoples of the world travel expecting others to know 'their' language. I received props for my effort. I also like this book because I am also a fan of the Lonely Planet travel guides. This book, along with a country/city guide make a powerful 1-2 punch for the would be traveler. 0 of 0 people found the following review helpful. Very handy indeed By Simon Gatsby I would recommend Lonely Planet pocket language books to any traveler. They're not going to make you fluent in the language, but they will most definitely allow you to get by with a much greater degree of ease while traveling as well as providing useful facts about the culture/country that are often left out of other books. 0 of 0 people found the following review helpful. Five Stars By Douglas J. Shaffer Perfect layout and easy to read and learn.

Three travelers walk into a Biergarten. One has a map, one has a Swiss army knife and one has a copy of this phrasebook. Guess who gets served first... Our phrasebooks give you a comprehensive mix of practical and social words and phrases in more than 120 languages. Chat with the locals and discover their culture - a guaranteed way to enrich your travel experience.

"...Lonely Planet phrase books have long taken a hip, streetwise approach." -- Atlanta Journal-Constitution, May 2004 "Lonely Planet Phrasebooks. Portable, pocket-size, cheap, and available for almost any country you might want to visit..." -- National Geographic Traveler, September 2006 From the Publisher Who We Are At Lonely Planet, we see our job as inspiring and enabling travelers to connect with the world for their own benefit and for the benefit of the world at large. What We Do * We offer travelers the world's richest travel advice, informed by the collective wisdom of over 350 Lonely Planet authors living in 37 countries and fluent in 70 languages. * We are relentless in finding the special, the unique and the different for travellers wherever they are. * We update our guidebooks by visiting thousands of places in person to get the details right and tell it as it is. * We always offer the trusted filter for those who are curious, open minded and independent. * We challenge our growing community of travelers; leading debate and discussion about travel and the world. * We tell it like it is without fear or favor in service of the travelers; not clouded by any other motive. What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.
