National Geographic Maps - Reference : Germany Executive [Tubed] (National Geographic Reference Map)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Germany Executive [Tubed] (National Geographic Reference Map):

0 of 0 people found the following review helpful. Beautiful map, damaged on arrival. By Alderdeenthe packaging seemed fine, but the map inside was damaged. once I opened it I felt quite disappointed in the outcome, the entire trim on both the left and right side of the poster were damaged. other than that, it was beautiful. the undamaged parts are very pleasing to the eye. Though while I while I will be looking for more maps, I hesitate to purchase from national geographic again. 0 of 0 people found the following review helpful. Five Stars By Carrie P Product arrived as described. 0 of 0 people found the following review helpful. beautiful! By Pen Name Framed it and used it for decor. Its beautiful. We lived in Germany for 3 years so it goes beautifully with our architecture ophotographs.

National Geographic's antique-inspired Executive style political map of Germany is as attractive as it is functional, making it the perfect addition to any home or office decor. The country, along with neighboring areas of Denmark, Poland, Czech Republic, Austria, Switzerland, France, Belgium and the Netherlands, as well Luxembourg in its entirety are shown with clearly defined international borders, shaded relief and thousands of place names, displayed in easy-to-read fonts. Major infrastructure networks are noted, such as airports, highways and roads, canals, high-speed and passenger railroads, oil fields and pipelines, and ferry routes in the North and Baltic Seas. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:1,375,000 Sheet Size = 23" x 30"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
