GoodrichI love these insight guides; very interesting, packed full of info and beautiful pictures. Gives the traveler a working knowledge of sites to see, customs, history, politics and the ideology of the people of a given region. It is not meant to be an extensive study of an area, but a useful travel guide, and for that purpose it earns 5 stars easily ! It is not

a guide of where to stay or where to eat, but it gives useful information about each area covered so that a traveler knows what a locale has to offer and some background on each area. Great to pack in the suitcase or browse in the armchair !0 of 0 people found the following review helpful. I like this book very muchBy Susan from MAI like this book very much.
