Simply awesomeBy Adventure IQI had a chance to meet Steve Silva ona trip this last weekend. Since I am always looking for new adventures for my blog and podcast

(Adventure IQ) I was impressed with his knowledge and approachability. His book mirrors his personality. He has a passion that is contagious for the desert. I am also a desert rat and always skeptical of travel books on the desert. This book is fantastic and I highly recommend Rob Anderson Adventure IQ[...] 0 of 2 people found the following review helpful. Four Stars By HH928 Good book. Good service.

Never has so much information been available in one easy to use guide. So saddle up your iron steed, pick a wild and lonely destination, and hit the trail. What are you waiting for? Go on, Get Lost! in the Owyhee Desert.

About the Author Steve Silva has been wandering around the Owyhee Desert for over 30 years. His travels have led him in search of hunting grounds for game, for birds, for rivers to run, rocks to climb, canyons to explore, and trails to travel. With over 35 years of outdoor experience and backcountry expertise, this grand vista has continued to lure him into its lonely and remote places. From the early days of driving four wheel drive vehicles, to today's fuel and time efficient dual sport motorcycles, the access has been changing, but the landscape has not. This land is not for everyone, but for the true "desert rat", it is a place to renew and refresh the spirit. This guidebook fulfills a niche that has been lacking for many years. Enjoy this lonely and vast land, as you leave only tracks, take only pictures and travel throughout the great and magnificent Owyhee Desert.
