so far. I find the content to be exceptionally thorough, well thought out and researched. The book covers important general topics and provides specific information on many of the leading countries often heard of as retirement/expat destinations. If your goal is to retire or move overseas, this book appears to be a necessary read. Quality of the book itself is excellent and strikes me as a book that will stand up to a lot of use and wear. 2 of 2 people found the following review helpful. Five Stars By Cathy Great informative guide for which countries have certain characteristics. VERY HELPFUL to anyone planning to leave the USA, Babylon. 2 of 2 people found the following review helpful. Good information, some things missing By Mandy This book goes into extensive detail about the documentation requirements and cultural styles of many countries, which is helpful. This is not a one stop shop by any means. A big part for me that was missing was a clip about religious freedoms in each country. I know the 2011 abortion laws, details of how countries handle same sex couples, and guns, along with average income and cost of living, but other details I'm interested in that vary wildly by country were not investigated. The book leans towards extreme trying to "get out," but has a few examples of people who leave for the experience, or for a job relocation (which is what I'm interested in).

One of the most popular titles in Process' Self-Reliance series, *Getting Out* is a smartly designed and easy-to-navigate compendium about your best options for a new homeland, and how to navigate a myriad of hurdles before and after you get there. Here are the rules, resources, and experiences of dozens of expat Americans on every continent, including author Mark Ehrman, who moved from Los Angeles to Berlin after publishing *Getting Out*. The updated and expanded edition contains new information on taxes, healthcare, food, drink, drugs, security, and suggestions about how to start a business or make a living in foreign lands.

About the Author Author Mark Ehrman's work has appeared in the *Los Angeles Times*, *Playboy*, *Travel and Leisure*, *Fortune*, and numerous travel magazines. Mark is a practiced expat, having lived in the Czech Republic and Germany. Editor Cletus Nelson is also the author of "*Depression 2.0: Creative Strategies for Tough Economic Times*" (Process Self-Reliance Series).
