**AA Publishing : Glovebox Atlas Ireland** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Glovebox Atlas Ireland:

1 of 1 people found the following review helpful. Happy Traveler with handy maps. By Tommy G Excellent map book, that will be put to good use on my trip. Small easy to use and follow. I have planned on different places to travel. I also used small arrow posted notes to mark off roads to different cities to make travel easy.

This atlas is presented in a handy format, ensuring that it can be stored easily, while the spiral binding provides flat folding pages for quick journey planning. The mapping has been fully updated from Ireland's Official Mapping

Agencies, OSI and OSNI. Contained within the mapping are all the newly opened motorways and dual carriageways, tourist sites, and AA-recommended caravan and camping sites.
