From Brand: Seal Press : Go Your Own Way: Women Travel the World Solo before purchasing it in order to gage whether or not it would be worth my time, and all praised Go Your Own Way: Women Travel the World Solo:

5 of 5 people found the following review helpful. left something to be desiredBy Corie SvobodaMany of these stories are women traveling a few days in the US - or go off for a short amount of time but meet up with a group later. Also, some of the writers were excellent and others were not. I love the idea but it just wasn't a book that I would recommend to others.3 of 3 people found the following review helpful. Not all that exciting.By EnnKayI like that it's short stories - makes for a good quick read but they aren't all that engaging. Perhaps because I can't relate to a lot of the writers that talk about kids and/or family between their writing. Plus the tips or moral of the stories are more along the lines of no brainers than ah-ha moments. It's a good quick grab if you want to escape for 7-10 minutes in a short

story but the content isn't really all that engaging. 20 of 22 people found the following review helpful. Many perspectives
By nannowandnext
This book was easy to pick up and read a short story and then set down and forget about it only to pick it up a couple days later for another one. The overall feeling I got was that I hope my travels abroad will in no way reflect what any of these women experienced. These women have chosen not only to go it alone, but to go to places that I have never even considered. From ice and bullets to vertical climbs and running from horny men, please I beg...let me have a less interesting story to share when I return. While I was certainly inspired by the strength, courage and passion demonstrated by this group, part of me was hoping for a more naive, first time abroad, simple traveler like I'm about to become in a few days. My favorite thing about this book was the cover, I could gaze at it over and over. If you are looking for adventure, REAL adventure by REAL women, give it a read.

There is nothing quite like hitting the road by yourself to awaken your senses, sharpen your mind, and build your confidence. In twenty-three beautifully crafted essays, women recount the thrills of traveling solo. Despite threat-assessment levels and airport-security hassles, women of all generations are traveling more freely and independently than ever before. In that go-for-it spirit, *Go Your Own Way* spans the globe: adventure diva Holly Morris finds herself lost in the jungles of Borneo, alone with her thoughts and a cold-blooded companion; Lara Triback's quest to learn the tango takes her to the late-night dance floors of Buenos Aires; Stephanie Griest finds female friends invaluable in her journey through Uzbekistan; and Amy Balfour recounts a hilarious trek up Yosemite's Half Dome. The writers in *Go Your Own Way* pay tribute to the empowerment of independent adventure and discovery, offering up the perfect antidote for today's climate of fear and international discord. All the while, they show that alone doesn't have to mean lonely.
