Robert Sietsema : Good Cheap Ethnic Eats in New York City before purchasing it in order to gage whether or not it would be worth my time, and all praised Good Cheap Ethnic Eats in New York City:

11 of 12 people found the following review helpful. Fantastic and essential guide to dining in NYCBy Ethan ZuckermanSietsema has a rule for eating out in New York: he looks for the strangest restaurants he can find, orders the oddest thing on the menu and tells you all about it in enthusiastic and clear prose. This wonderful guide will tell you where to find jerk chicken in the Bronx, Tibetan yak butter tea on the Upper West Side and explain why you HAVE to go to Jersey City for the best Pakistani food. I don't travel to New York without this book and neither should you.1 of 2 people found the following review helpful. don't try the japanese restaurants in this bookBy A Customerwell, I bought this book mainly because of the attractive title. I took a look at the recommended list of chinese restaurants, there is joe's Shanghai restaurant which I think it is good as well. So I think it should be a reliable guide. It seems to me that I should have a close taste as the author does. However, I am so disappointed about the japanese

restaurants the author recommends in the book. Especially "the taste of tokyo" which is the most terrible american japanese restaurant I have been to. They have dirty sashimi which made me run to the lady's room a few times after having dinner there. Can you trust the spanish chef can make authentic japanese food? I don't for sure. the food there is not cheap either. I have been trying more than 50 japanese restaurants in Manhattan, a lot of them in San Marcs are good. I don't know why Robert names this one. Is it just because it is so easy to get lost on the way to the lady's room? I love japanese food and I sincerely suggest the author should review his list. 3 of 6 people found the following review helpful. don't try the japanese restaurants in this book By A Customerwell, I bought this book mainly because of the attractive title.
