Editors of Reader's Digest : Gran Atlas Ilustrado Del Mundo: Illustrated Great World Atlas (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gran Atlas Ilustrado Del Mundo: Illustrated Great World Atlas (Spanish Edition):

4 of 8 people found the following review helpful. Gran Atlas Ilustrado del MundoBy Theresa NolanThis was an excellent atlas of very high quality, however, there were a number of inaccuracies - ie the Falkland Islands are quoted as being called Malvinas (incorrect), place names on the Falklands are changed to Spanish names nothing like the correct ones. The most serious inaccuracies are the Falklands are quoted as belonging to Argentina together with access to Antartica being attributed to Argentina. Again, totally inaccurate.Argentina might like to claim the Falklands

as belonging to them but this atlas is a learning/educational tool and should, therefore, be accurate and not based on one country's desire. This atlas was a present for a Spanish child who pointed out this error - we had already noticed this ourselves.

In the Illustrated Great World Atlas Reader's Digest has teamed up with Rand McNally, the world's largest mapmaker, creating 81 custom-made maps-a vividly detailed portrait of today's world. Great for school, vacation planning, and armchair travel.
